GOAL 4: Effectively communicate across Jefferson County the availability of resources and opportunities that Foster Strong Family Connections and Social Connectedness

CHANNELS FOR CHANGE: Individualized services and Organization/Practice Change

OBJECTIVE: By January 2023, develop methods and a plan to communicate resources to be used by organizations and providers when interacting with clients and community members. Objective 2: Encourage social connectedness by identifying an additional 20% of community spaces for help seeking and giving opportunities.
